

The Economic and Financial Transition Strategy

What is the Economic and Financial Transition?

EFT is one of AFD's 6 transitions

It revolves around the

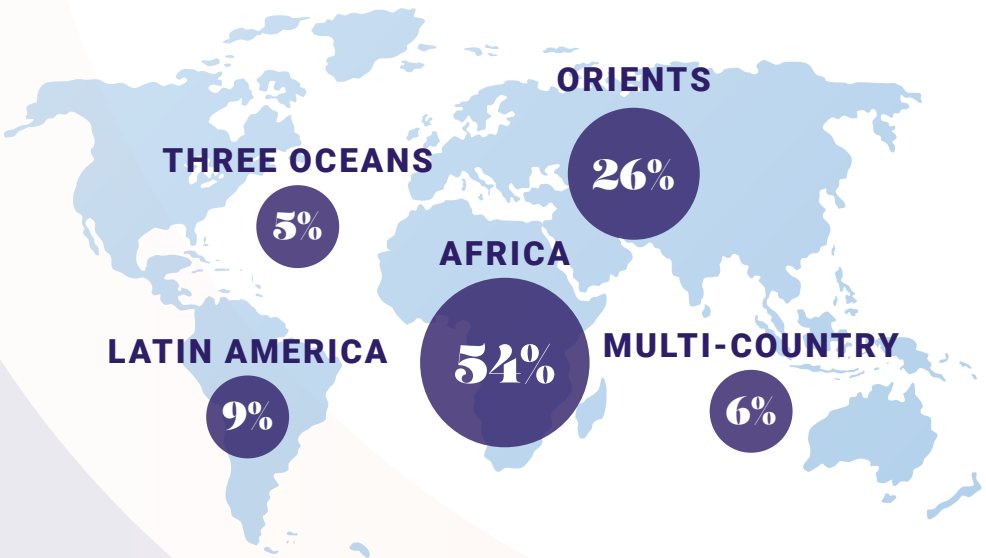

...and contributes to the Sustainable Development Goals

ITS OBJECTIVE : support the transformation of economies to build economic, social and environmental balances sustainable over the long term

Multiple interventions, mainly directed towards the African continent

Distribution of financing approvals by geographic region, 2019

The challenges to be overcome

Build economic, social and environmental balances

Preserve our planet

Reduce inequalities

Enhance our resilience to crises

How the Economic and Financial Transition tackles these

Transform our economic and financial models in line with 3 commitments

It accounts for one quarter of AFD Group's total commitments

The Group's 2019 business plan

€3.5 Bn
Committed by the EFT of which 47% by Proparco

€14.1 Bn
Total AFD commitments

The commitments of the Economic and Financial Transition to date

50% with climate co-benefits

25% with gender co-benefits

A strategy built jointly with our stakeholders

A Group partnership around the Economic and Financial Transition
