

Water & Sanitation

OUR CONTRIBUTION TO THE SUSTAINABLE DEVELOPMENT GOALS

2023

The projects financed in 2023 will allow

SDG target 6.2

7.7 million people to benefit from a safely managed sanitation service*

SDG target 6.1

12 million people to benefit from a safely managed drinking water supply service*

SDG target 3.9
Reduce mortality from environmental pollution

268,000 people to benefit from hygiene and water use awareness campaigns

SDG target 6.3

1.7 million population equivalent of wastewater treatment capacity

SDG target 1.4
Access to basic services

219,000 people to benefit from a basic drinking water supply service

SDG target 11.5
Reduce the adverse effects of natural disasters

352,000 people to benefit from flood risk management facilities/equipment

SDG target 1.4
Access to basic services

79,500 people to benefit from a basic sanitation service

*These expected outcomes cover AFD and Proparco. A project financed by Proparco in the State of Rio de Janeiro alone accounts for 5.4 million beneficiaries for drinking water and 3.3 million for sanitation.

A transversal contribution to the SDGs

89% of commitments contribute to **climate change adaptation and mitigation**

25% preserve and restore **ecosystems**

58% have a positive impact on **gender equality**

Brazil
Rehabilitation and extension of water and sanitation services for **10 million residents of the State of Rio de Janeiro**
