AFD GROUPE: THE FRENCH DEVELOPMENT AGENCY

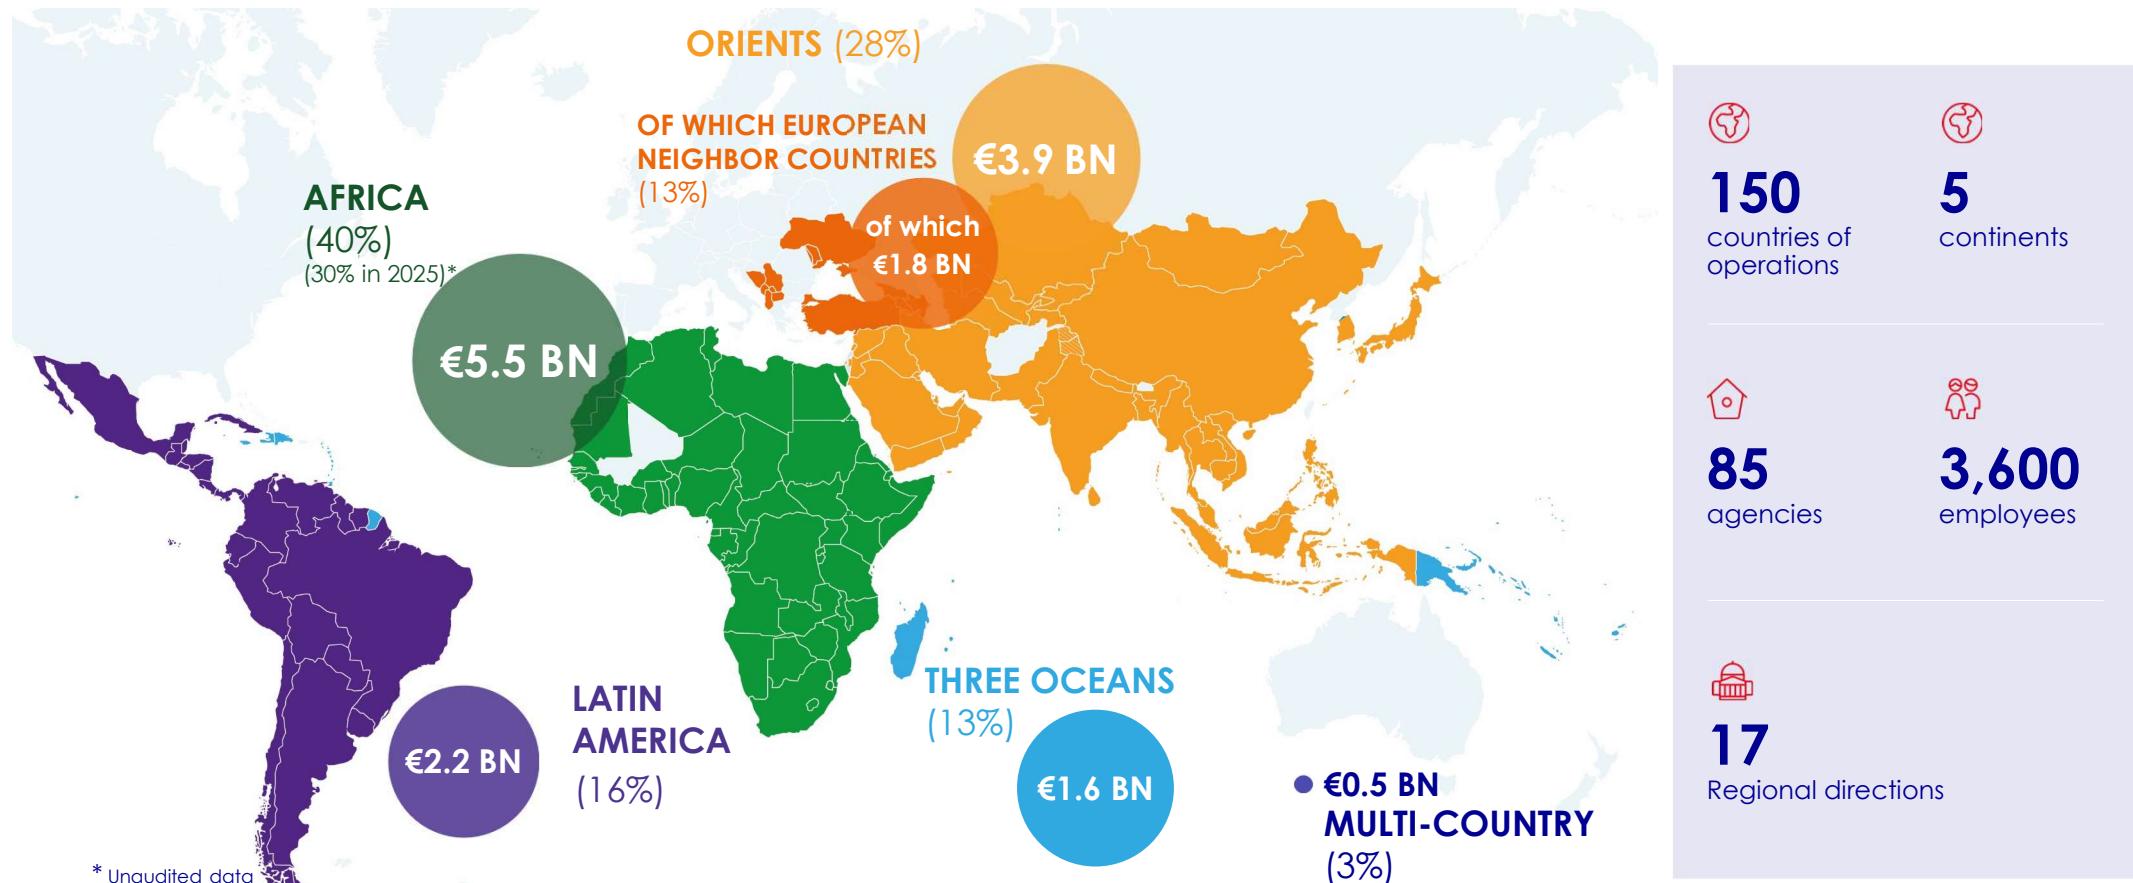

* Unaudited data

AFD OPERATES IN MOST OF THE DEVELOPING AND EMERGING MARKETS

2024 commitments

Total Group Approvals represented **€13 Bn** at the end of 2024. AFD also operates in French overseas territories representing around **€0.9 Bn (7%)** of the commitments of the AFD group.

A STRONG SUPPORT TO FRENCH DEVELOPMENT POLICY

A crucial role in meeting France's international commitment to development and, since COP21, to fight against climate change

AFD provides a large part of France's commitments to reduce green house gases in the coming years.

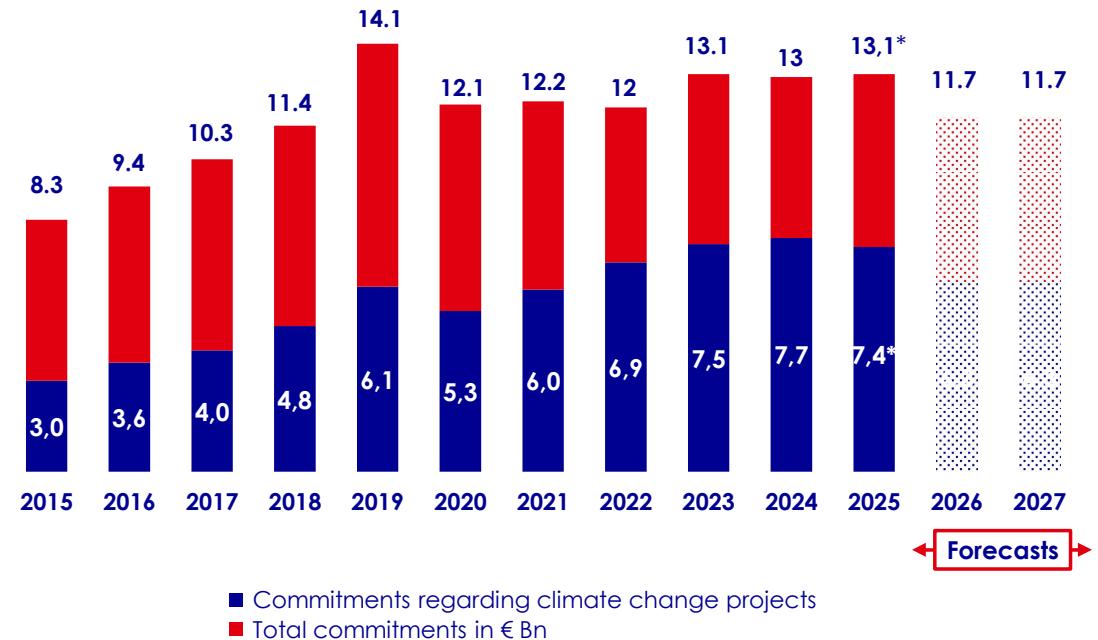

In 2016 the French State has strengthened AFD's capital by turning €2.4Bn of subordinated loans (Tier2) into Core Tier One.

Furthermore, equity of the Group were reinforced by €1.4Bn of Capital CET1 in 2021.

€72.33Bn

SOURCES OF FINANCING

In addition to its market resources which represent the main part of its funding (€8 Bn approx.), AFD receives funds from the French state and other donors (€2.8 Bn approx.). These grants are passed to final beneficiaries through direct grants and subsidized loans.

Around 40% of our loans are non-subsidized. The interest rate to the final beneficiary covers the cost of the market resource, the operational costs and the cost of risk : **no budgetary aid**.

On subsidized loans, the rate to the final beneficiary is lower than the all-in cost for AFD : **the difference is covered by public credits**, with no impact on our net income.

All grant funds are passed to final beneficiaries, with no impact on our net income (management fees covered by the State).

AFD AND ITS INTERNATIONAL PARTNERS

 AFD joins forces with institutions to generate dynamics and create new paths. Backed up by States, AFD and its partners are enabled to plan in the long term. They **facilitate transitions** and participate to the reorientation of economy towards SDGs.

Regardless of whether they are bilateral, multilateral or national, development banks and agencies are natural partners for AFD.

 Some of our projects are co-financed by one or more of them. Synergies among donors are essential for making their actions effective.

AFD is a committed member of various organizations, among which International Development Finance Club, Finance in Common Summit...

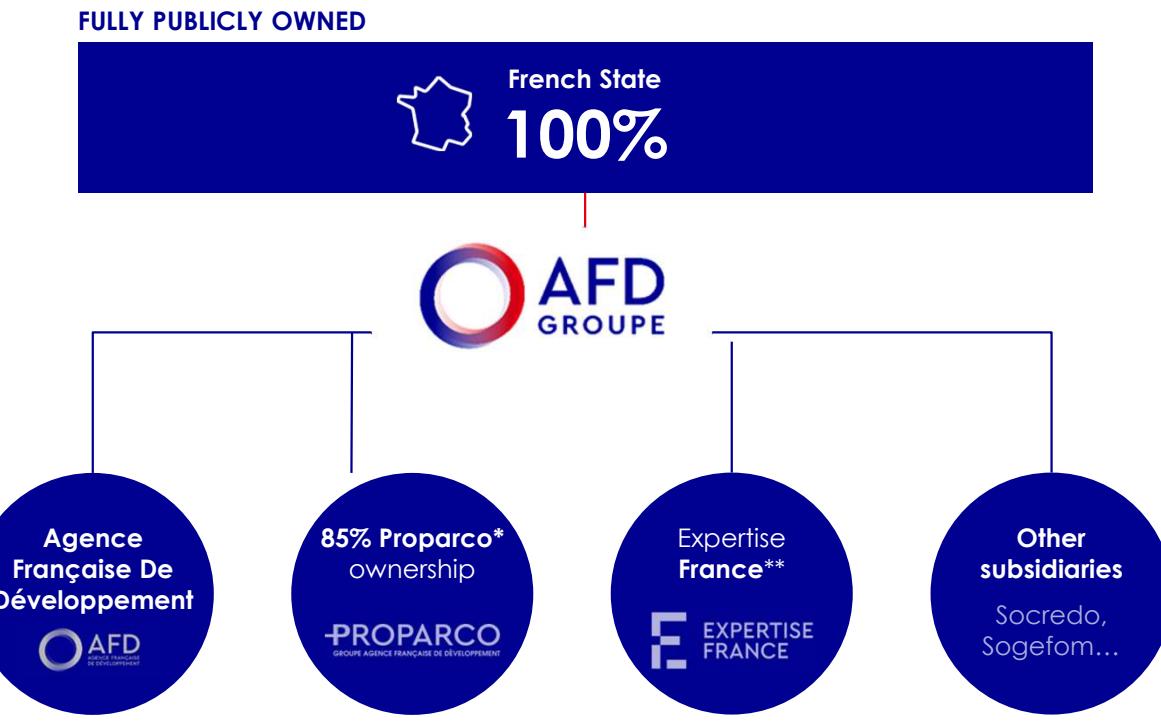

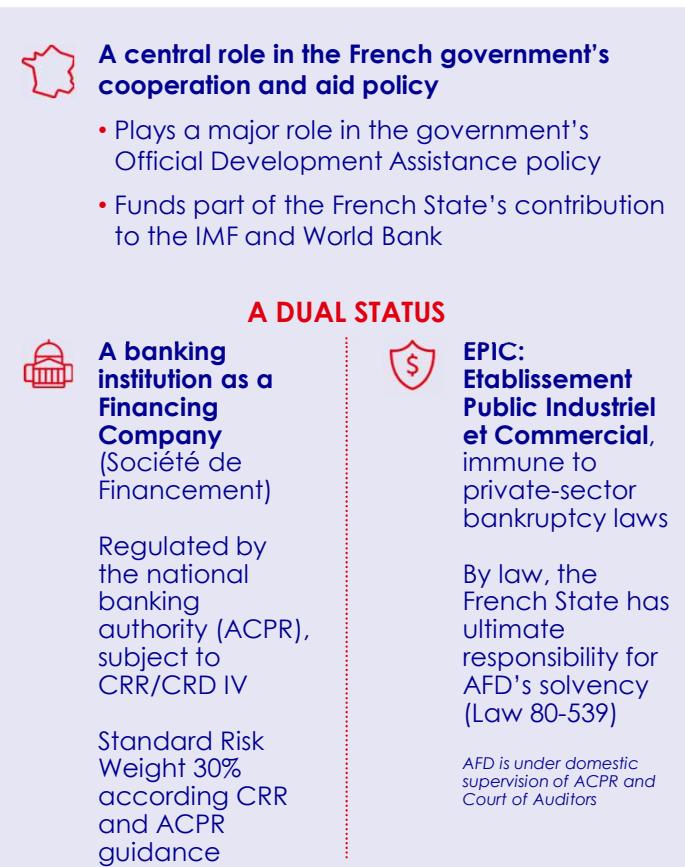

Partnerships with IBRD, EIB, KFW, ADB, ...
AFD is a recognized institution amongst Development Banks
